

BETTING ODDS SLUMP ON ROOSEVELT SIDE; LONDON SHOW GAIN

New York, October 30 — Betting odds against Governor Landon being elected dropped sharply today at a result of three major factors boosting his chances at the polls.

These are the final results of the Literary Digest poll showing Landon will have 370 electoral votes to 161 for President Roosevelt, the tide of resentment against the New Deal's social security law which taps the pocketbook of the worker, and last, but not least, the tremendous reception received by Governor Landon at 5 to 9 on Landon's election.

President Roosevelt's chances of carrying New York are no better than 8 to 5 in the opinion of those bookmakers and betting commissioners who had been quoting 3 to 1 cash.

On President Roosevelt yesterday refused to lay 2 to 1 this afternoon. All of them attributed the shrinkage in odds to the three causes mentioned above.

There was plenty of Landon money at the track, but Roosevelt supporters succeeded in getting 2 to 1 for their money. To get any bets at all they were compelled to accept 9 to 5 and even 8 to 5.

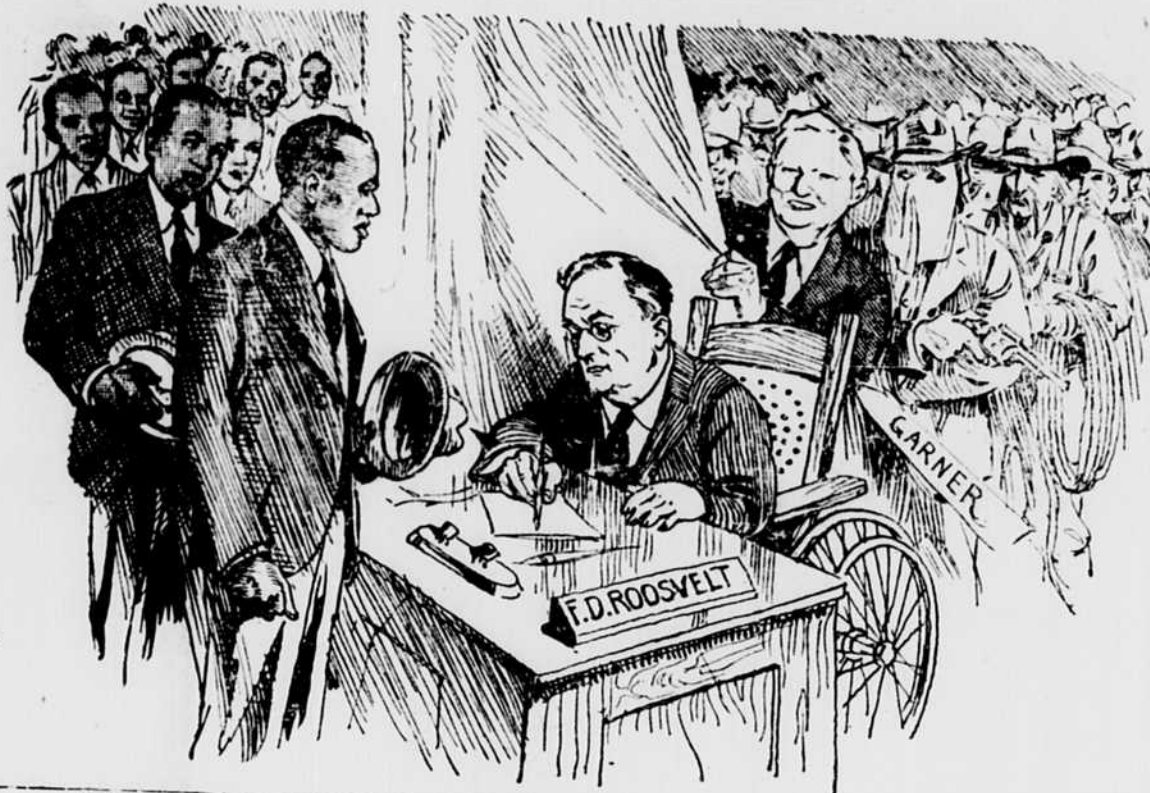

Dow Jones reported that Landon money was appearing in larger quantities today in Wall Street. No large pocketbook of the worker, and last, but not least, the tremendous reception received by Governor Landon at 5 to 9 on Landon's election.

"THE FLOWER OF SOUTHERN DEMOCRATS
TRUE TO FORM"

History tells us that the ancestors of many Democratic South-erners came to America out of the dungeons and prisons of Europe. Their descendants show the effect of heredity when dealing with darker Europe.

NEVER TURN BACK TO DESTROY THE BRIDGE THAT HAS CARRIED YOU SAFELY ACROSS

South of the Mason and Dixon Line, 8,000,000 Negroes cry out to their 4,000,000 brothers of the Northland. "SEND US A DRINK OF FREEDOM."

In making this tragic appeal, our colored brethren of the southland, under the domination of the political leader of the New Deal, Garner of Texas, Robinson of Arkansas, Pat Harrison of Mississippi and Bankhead of Alabama, issue a solemn warning to his fellowman of the north.

It is significant, that West Virginia, of which McDowell County with its large balance of power, Negro electorate is a

part, is classed with the solid South. We have plenty of evidence in the past four years that the Democratic Party in McDowell County have carefully laid their plans to place the Negro on the same plane as that of his brother of the Garner, Harrison and Bankhead states, and with their assumption of power for another four years, the way will be clear for their final drive to eliminate the colored man from the picture as far as representation in the affairs of our county, to which he is justly entitled, not only that, they hope to destroy the bridge forever, that once carried us to political freedom in "Good Old McDowell County."

You who had your birth under the political domination of the Democratic party of the southland, the same conditions that exist today, should need no prompting from us; the tattered remnants of liberty that was yours that Lincoln in his proclamation gave to us, and to preserve which, Grant made that memorable march from Atlanta to the Sea, are theirs today as it was your inheritance.

LET'S NOT DESTROY THAT BRIDGE, though we may be selfish, careless and unsympathetic toward the old friends, the old days, let's not forget the most important things of life, SELF RESPECT and SELF PRESERVATION. — At a time like this LET'S BE MEN, if we go down in ignominy of defeat in fighting for a cause to preserve our liberties, let's go as men.

From the Bloody Lanes of Lexington to the blood stained woods of Chateau Thierry and the forest of the Argonne, that has been the spirit of America. ARE YOU AN AMERICAN?

JUDGE SUMMERS H. SHARP THE PEOPLE'S FRIEND W. VA, NEXT GOVERNOR PASSED THRU KEYSTONE

Judge Summers H. Sharp, the people's friend, who will be elected by a majority of more than 50,000 votes on Tuesday, November 3rd, 1936, will again bring back to the Governor's office a man who will be interested in all the people and who will work for their interest. We will see the end of the politicalization of our Schools, Roads, and other governmental functions.

We will see efficiency in government business, displace waste and extravagance. And our State Government will again exist for the services it can render all the people and will end we hope forever the building up of vast political machines on the States's business, for the sole purpose of perpetuating themselves or their friends in public office. Political gain will no longer be had at the expense of human misery, but that every deserving person will be treated fairly and well. Labor will receive a square deal at Judge Sharp's hands, and those who toil will again be honored and respected. A VOTE FOR JUDGE SHARP IS A VOTE FOR CLEAN, HONEST AND SAFE GOVERNMENT.

A PREDICTION By WILLIAM BERRY

We are much cheered by the prediction of Mr. William Berry of the Algoma Coal and Coke Company, that the Republican Party will score an impressive victory at the polls on November 3rd.

Mr. Berry, long identified with the business and political affairs of our state and nation, and ranking as he does, as one of the most intelligent far-seeing men of our day is in a position to observe the "groundswell" of sentiment toward Republicanism.

Mr. Berry recognizes the danger of the New Deal theories for business as well as the wage earner. As a business man he hands us a hopeful prediction for the future of our county, state and nation, without discrimination to color or creed.

What the Democrats of the South do with Federal Funds

The figures above show graphically how the Democratic leaders of the South take advantage of Negro students and tax-payers. The Land Grant colleges are supported by both federal and state governments. The federal government stipulates that equality shall be used in the distribution. Democratic Statesmen find a way to nullify the federal government's stipulations. Negroes are forced to move to Republican states to get a square deal

HOBART E. PAYNE, Clerk
Circuit Court, McDowell County
S. A. CALHOUN, P. Q.
Started Running Fri. Oct. 30, 1936

His law practice he taught school and was at one time principal and county superintendent of Ritchie County schools. Early in his career as a lawyer his ability was clearly recognized and the citizens of Ritchie

county chose and elected him prosecuting attorney of that county which office he held for two terms rendering invaluable service to the county as such officer and displaying marked ability in that capacity as a public official. Judge Woods, however, manifested a judicial temperament which attracted the attention of the citizens of the Third Judicial Court,

which induced them to nominate and elect him judge of that circuit, a position he held with distinction, rendering many able and scholarly opinions, from January 1, 1905, to December 31, 1924, at which time he resigned to become a member of the Supreme Court of Appeals, which position he now holds. Judge Woods is a staunch and loyal member of the party but it can be said and declared without fear of contradiction that he is first a jurist and a fearless and courageous arbiter of the people's rights who believes in justice irrespective of race, color or previous conditions of servitude. Judge Woods is a Christian gentleman entirely free from the virus of race prejudice and racial discrimination and is known to have the courage to so express himself. In truth if there is a man in whose veins flows the milk of human kindness that man is the Honorable Homer B. Woods, now a candidate to succeed himself at the November election, 1936. Of all people Judge Woods merits the support of the colored people of this state as on many occasions he has championed their cause and rendered decisions which have materially affected the rights and privileges of the colored people and in every instance he has shown

his love for the right and a courage to stand for it in the face of all opposition. If we as citizens of this great state desire to perpetuate our liberty and enjoyment of those fundamental and sacred rights guaranteed us by the Constitution we should as such a race of people unitedly cast our vote for Judge Homer B. Woods.

In the various cases involving our status in citizenship during his tenure of office, Judge Woods has stood for square and for equal rights. Such is Judge Woods, jurist, citizen, gentleman. You need him.
